Flower and Vegetable Seed List

(For Dealers)

Herbst Brothers, Inc., give for themselves or their principals, no warranty express or implied as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they sell and will not be responsible for the crop.

BERMUDA ONION SEED

Yellow Bermuda and Crystal Wax has been our specialty for many years. Our seed, packed in the handy 20 lb. tins with the yellow and green striped labels is well known throughout the South where these early maturing, mild onions are popular.

Due to the present conditions, prices change frequently and therefore all quotations in this list are subject to change. Ask us for special quotations whenever you want immediate or future deliveries.

The complete list of Flower Seeds, Page 6, will prove of interest. Our stocks at New York are ample enough to insure quick shipment.

FOR IMMEDIATE SHIPMENT

All our offerings are of high germination, the Japanese varieties are grown by T. Sakata & Co., the others by equally reliable growers.
